 If no, total feet from property line:

Stage of Construction: No Foundation Under roof
 Foundation Drywall
 Shell Existing
 Backfill date:

The ICC mandates that meters installed within 3 feet of vehicular activity must be protected by a concrete guardrail. The cost of the guardrail's installation is \$350. If your meter is within three feet of vehicular traffic, you will be contacted by a Gas Construction Consultant to arrange a site visit to evaluate the property.

Is the meter location within 3 feet of vehicular traffic? Yes No
 (i.e. alley, driveway, parking lot, etc.)
